## NOTICE TO CUSTOMERS

---

We have one hundred and twenty-five acres devoted to the production of ornamental stock. This price list is our only advertisement and pleased customers are our sole agents. We have set a high standard for our stock and we do not spare expense in production at a consequent sacrifice in quality. Our prices will be found very reasonable when quality is considered.

Stock will be supplied at prices named herein as follows: five of any one variety at ten rate; twenty-five of any one variety at hundred rate. Packing extra at cost. Special prices will be made on large quantities upon receipt of list.

We do not guarantee our stock to live and no allowance will be made for goods that fail to live after being planted. Our methods of handling and packing stock are up to date and we guarantee goods to be in good condition and well packed when they leave our grounds. Our responsibility ends upon delivery to carriers. If the goods suffer through delay in transit, the transportation company is liable for any loss so incurred.

All claims for errors must be made immediately upon receipt of goods, or positively cannot be allowed.

We use the greatest care to have all stock true to name and will replace any that is untrue, but for any error we shall not be liable for more than the purchase price. Every purchase from us is made on these terms.

Shipping facilities—We can make direct shipment over the L. S. & M. S. R. R.; B. & O. R. R.; N. Y. C. & St. L. R. R.; American Express, U. S. Express, and Electric Package.
